Our aim

To become the world's leading globally integrated environmental consultancy

Helping organisations to improve their environmental performance and deliver sustainable strategies

We strive to be the employer of choice in our industry and provide all our staff with a

supportive, flexible and dynamic environment

WSPE&E Pro Bono Support Scheme has been endorsed and driven by our own employees

WSPE&E Pro Bono Environmental Support Scheme

The first scheme of its kind in the UK

- Central to our Corporate Responsibility commitment
- Part of a range of community and volunteering actions
- Scheme aimed at small and medium sized charities
- Provide free and practical environmental advice
- Up to five days support over a twelve month period
- Support for between five and ten charities in the first year

Why should you apply for our support?

Benefits of improved environmental performance

- Enhancing reputation by improving environmental performance - resulting in potential benefits to donor confidence
- Reducing costs whilst improving efficiency e.g. energy use, resource management or waste minimisation
- Demonstrating good overall management practices
- Promoting environmental issues in the public arena

What the scheme offers

Wide ranging support including:

- Environmental and sustainability strategies
- Energy management advice
- Waste and recycling audits
- Water use and efficiency
- Ecological surveys
- Geotechnical advice
- Noise and acoustics

What we ask of you

- A clear description of the environmental support you require from the scheme
- Endorsement from a Trustee of your organisation
- Availability of key personnel and relevant information to assess your environmental issues
- A willingness to take forward our recommendations on improving your environmental performance
- Agreement to allow us to reference project examples as part of our pro bono case studies
